## 1. Introduction

Local authorities do not have to provide free or subsidised post 16 travel support but do have a duty to prepare and publish an annual transport policy statement specifying the arrangements for the provision of transport or other support that the authority considers it necessary to make to facilitate the attendance of all persons of sixth form age receiving education or training.

All young people carrying on their education post 16 must reapply for travel support.

'Sixth form age' refers to those young people who are over 16 years of age but under 19 or continuing learners who started their programme of learning before their 19th birthday.

Local authorities also have a duty to encourage, enable and assist young people with learning difficulties/disabilities to participate in education and training, up to the age of 25.

This policy uses the term 'Post 16' to include both learners of sixth form age and those with learning difficulties/disabilities up to the age of 25.

This policy document specifies the support that Lincolnshire County Council (the Council) considers necessary to facilitate the attendance of Post 16 learners receiving education or training.

Education or training refers to learning or training at a school, further education institution, a council maintained or assisted institution providing higher or further education, an establishment funded directly by the Education Skills Funding Agency, learning providers delivering accredited programmes of learning which lead to positive outcomes and are funded by the Council, for example, colleges, charities and private learning providers.

## 2. Aims and Objectives

The Council has the following aims and objectives when assessing transport / travel support:

- To enable every learner reaching school leaving age living in Lincolnshire to access a course of education or training.
- To provide subsidised transport support to learners of sixth form age to the nearest or transport designated sixth form, college or other licensed provider over 3 miles from the student's home. Designated Transport Areas (DTAs) are areas drawn round colleges and schools indicating a transport entitlement. A copy of the DTAs can be found at Appendix G of the home to school/college transport policy (<https://www.lincolnshire.gov.uk/school-college-transport>). and a list of licensed providers is included at section 3.2.3 within this policy statement.

- To assess the needs of learners with special educational needs and/or disabilities (SEND) on an individual basis to determine the necessary and appropriate support required of the Council to facilitate attendance.
- To take account of the demographic makeup of the Council when determining the subsidy towards transport to include the rural nature of the county, the distances travelled by rural learners and the specific needs of SEND learners.
- To ensure the support is affordable to all by maintaining the request of a flat rate contribution towards the transport for all sixth form learners, irrespective of the factors mentioned above;
- To promote a partnership approach to supporting learners experiencing economic hardship by sign-posting learners to the support that is available from all partners, to include education providers through Bursary Support Funding.

### 3. Transport and Travel Support

#### 3.1 From the Council

##### 3.1.1 Entitlement

The policy of the County Council is to offer transport support to young learners, to their nearest or DTA sixth form or college, or other licensed provider (DTAs are areas drawn round colleges and schools indicating a transport entitlement), subject to living more than 3 miles from the sixth form or college.

If the young person meets these criteria, the Council will offer transport support to sixth form learners subject to an annual contribution of £570 (or £579 if paid in instalments) which can be paid as follows:

- A full payment of £570
- In three instalments of £193
- In 6 instalments of £96.50

Subject to the contribution being paid, transport support, usually in the form of a bus or train pass, will be provided.

The Council will consider any application made, and recommends that anyone who thinks they might be entitled to transport support to apply from March onwards. They can apply anytime from that month but if the application and payment is not made by 31 July there is no guarantee that transport will be in place for the beginning of the new academic year in September.

Transport can be applied for online (<https://www.lincolnshire.gov.uk/school-college-transport>). This is the quickest and fastest way to apply. Alternatively, if an applicant is unable to access the online form, our Customer Services Centre can take an application over the phone. Help with making applications is available by ringing 01522 782020.

We will respond to your application by writing to the applicant's e-mail or postal address confirming entitlement to transport support, and enclosing details of when and how payment of the learner contribution can be made where necessary. After an arrangement to pay the contribution has been made, where this is necessary, the travel details and pass are sent out. If transport support is refused an opportunity to appeal against the decision is given, where an applicant feels that the Council has not followed its own policy or the law or they believe there are exceptional circumstances that Officers need to be aware of. Details of the appeals process are provided at the time of the refusal.

The transport provision is one outward journey and one return journey, timed for the start and finish of the school or college day. Transport is provided to the main school or college sites only in most cases and transport is not normally provided to satellite sites as an entitlement. The Council will only support transport to a satellite site if this site is closer than the main campus, where an entitlement has been determined, and the satellite site is over three miles from the home address.

Transport provision made is appropriate to the location and timings of the school or college day. It may be necessary for a student to make his or her own way to and from a transport pick-up point up to three miles, if they are able to do so.

Learners with learning difficulties and/or disabilities may require transport support beyond the age of 18 because their further education requires attendance beyond that age. Specific details regarding the support for these learners are covered in section 5.

### 3.1.2 Specialist Courses

Transport support is not offered to a school or college that is not the nearest or designated one for the students address or is not the nearest that is able to meet a young person's special educational needs as defined within their Education Health and Care Plan. Additionally, account is not taken of preferred courses or specialist courses, which are not available at the nearest or designated college or school.

However, there is limited transport support available to access some specialist courses delivered from Riseholme College. These are currently:

- Agriculture (Level 2 or above)
- Environmental Studies (Level 2 or above)
- Horticulture (Level 2 or above)
- Arboriculture (Level 2 or above)
- Equine Management (Level 2 or above)

Transport support is also available under the policy to students following courses in:

- Access to Music (Lincoln only)

The above are supported if the following distance criterion is met: the distance from home to college is over 3 miles but less than 45 miles, and the student contribution is paid.

Transport support is also available to the following University Technical Colleges (UTC) if the chosen college is the nearest Post 16 College to the student's home address, is over three miles distant and the contribution is paid:

- Lincoln UTC,
- Peterborough UTC
- Scunthorpe UTC

### 3.1.3 Concessionary

Where a young person does not qualify against the entitlement criteria described above, they may be able to utilise spare seats on contracted vehicles (non-fare paying) serving schools and colleges, where there is no commercial 'fare paying' service in the area. These are known as 'concessionary seats'. These seats are offered at the same charging rate as for entitled learners (£570 p.a. in 2020/21) although the charge is calculated on a daily basis depending on when the seat is offered. Please ring 01522 782020 for application details. Concessionary travel/spare seat allocation is given at the discretion of the County Council's Transport Services Group (TSG) and can be withdrawn at short notice if the seat is needed for a learner entitled to transport support.

### 3.1.4 Call Connect

Call Connect is part of the County's public transport network, but operates on a pre-booking basis to transport people from specific pick-up points to specific set-down locations. Anyone can use the service for any purpose, and thus it may be of use to some learners who do not qualify for a bus or train pass under the County's policy. The service costs no more to use than standard bus services and registration is free. Call Connect cannot be booked more than a week ahead in most cases. Details can be obtained by ringing 0345 234 3344 or 01522 553143 or from the website [www.lincsinterconnect.com](http://www.lincsinterconnect.com)

## 3.2 Details of fares, concessions, discounts, subsidies, passes and other travel arrangements available in Lincolnshire

### 3.2.1 From local bus operators

Provision of public transport in Lincolnshire is made largely by local bus operators, who offer services on a commercial basis. The County Council supports a number of local bus services to enable people to access services. Most operators have weekly or monthly travel card schemes, discounts and promotions and these can be confirmed with the operators directly. For some students living in urban areas and travelling on shorter journeys, the discounted schemes offered by the commercial operators may offer a cheaper alternative to that offered by the Council. Students

and families living in these areas are encouraged to research their travel options before making a decision on their preferred provider. There is a website which can be used to find details of services: [www.lincsbus.info](http://www.lincsbus.info). Alternatively, travel information can be obtained from Traveline on: 0871 200 22 33 or [www.traveline.info](http://www.traveline.info). The contact details for commercial operators approved by the Council are included in the contacts below.

### 3.2.2 From schools and colleges and other providers offering post 16 courses

Schools with sixth form provision and colleges of further education have some funding available to help students with expenses connected with their study, including travel costs. This funding is known as '**bursary funding**' as follows:

#### The 16 to 19 Bursary Fund

This provides financial support to help young people overcome specific barriers to participation so they can remain in education.

There are 2 types of 16 to 19 bursaries:

1. A vulnerable bursary of up to £1,200 a year for young people in one of the defined vulnerable groups below:
  - in care
  - care leavers
  - in receipt of Income Support, or Universal Credit in place of Income Support, in their own right
  - in receipt of Employment and Support Allowance or Universal Credit and Disability Living or Personal Independence Payments in their own right
2. Discretionary bursaries which institutions award to meet individual needs, for example, help with the cost of transport, meals, books and equipment

To be eligible for the discretionary bursary young people must:

- be aged 16 or over but under 19 at 31 August 2020 or
- be aged 19 or over at 31 August 2020 and have an EHCP
- be aged 19 or over at 31 August 2020 and continuing on a programme of learning they began aged 16 to 18 ('19+ continuers')
- be studying a programme that is subject to inspection by a public body which assures quality (such as Ofsted), the provision must also be funded by either a Government funding agency or the local authority

Schools and colleges are responsible for managing both types of bursary. Establishments are able to implement their own policies so we advise that they be contacted directly to discuss the support on offer and how to apply for it. Further information can be found at [www.gov.uk/](http://www.gov.uk/), search for post 16 bursaries.

Additionally, some schools and colleges contract transport directly with bus operators in their area to support their students. Unfortunately we are unable to verify the exact level and method of support offered by all individual institutions and so strongly recommend that learners check for themselves any offer of support available from education providers.

### 3.2.3 Contact details for education providers and local transport companies.

The following schools, colleges of further education and independent providers below, offer courses that might qualify for transport support. To find out if transport support is available to a particular provider from the Council, consult the transport policy and DTA map at Appendix G of the policy (<https://www.lincolnshire.gov.uk/school-college-transport>). You are also advised to contact the college/school/centre you are interested in directly to ask about any support there might be available with transport. These are listed in alphabetical order below:

### 3.3 Wheels to work and training

Wheels 2 Work is a scheme to provide transport (normally mopeds, but also scooters and electric bicycles) for those who otherwise could not access work or training.

The scheme operates as a social enterprise and will assist post 16 students who have genuine transport needs (which will be assessed before entry on to the scheme is agreed) and to help reduce the number of young people not in education, employment or training (NEETS) in the county. Please note that capacity is limited. For details of the scheme, look on the Website at <https://wheels2worklincs.co.uk/>

### 3.4 Young parents / Care to Learn

If you are a young parent under aged 20, Care to Learn can help pay for your childcare and related travel costs, up to £160 per child per week, while you're learning.

Care to Learn can help with the cost of:

- childcare, including deposit and registration fees
- a childcare 'taster' session (up to 5 days)
- keeping your childcare place over the summer holidays
- taking your child to the childcare provider

Types of child care

The childcare provider must be Ofsted registered and can be a:

- childminder
- pre-school playgroup
- day nursery
- out of school club

If your child needs specialist childcare, the provider must also be on the Care Quality Commission's register for specialist provision.

If you want a relative to get Care to Learn for looking after your child they need to be both:

- providing registered childcare for children they're not related to
- living apart from you and your child

Payments

Childcare payments go directly to your childcare provider.

Before your childcare provider can be paid:

- your childcare provider needs to confirm your child's attendance
- your school or college needs to confirm that you're attending your course

Payments for travel costs go to your school or college - they'll either pay you or arrange travel for you.

Attendance Payments will stop if:

- you stop attending your course
- you finish your course
- your child stops attending childcare

Eligibility

You can get Care to Learn if:

- you're a parent aged under 20 at the start of your course
- you're the main carer for your child
- you live in England
- you're either a British citizen or a national of a European Economic Area (EEA) country
- your course is publicly funded (check with your school or college)
- your childcare provider is registered with Ofsted or the Care Quality Commission

Type of course

Care to Learn is only available for courses in England that have some public funding. This includes courses that take place in:

- Schools
- School sixth forms
- Sixth form colleges
- other colleges and learning providers, including Foundation Learning
- your community at Children's Centres

For more information please visit <https://www.gov.uk/care-to-learn/how-to-claim>

#### **4. Transport support arrangements for learners who reach the age of 19 whilst continuing on a programme of learning**

For any young person wishing to check their eligibility for transport beyond years 12 and 13, it will be necessary for them to complete a new application for consideration.

Providing the student or pupil had not reached his or her 19<sup>th</sup> birthday before the programme of learning began (a date of 1<sup>st</sup> September is used to determine the notional start date of a course), and remains otherwise eligible for transport, the support will be continued for the remainder of that school or college year only, subject to the financial contribution being paid.

Where a learner has begun their programme of learning before their 19<sup>th</sup> birthday and the Council has determined it is necessary to support the transport, they will be asked to make a contribution towards the transport support.

Transport is provided at the beginning and end of the school/college day. The transport provision is one outward journey and one return journey, timed for the start and finish of the school or college day. Transport is provided to the main school or college sites only in most cases and transport is not normally provided to satellite sites as an entitlement. The Council will only support transport to a satellite site if this site is closer than the main campus, where an entitlement has been determined, and the satellite site is over three miles from the home address.

Transport will only continue beyond the age of 18 for learners with learning difficulties and/or disabilities who are subject to an EHCP, when transport support may be offered until they are 25 years, if needed to complete an appropriate programme of learning. Further details regarding this are described in section 5.

## **5. Transport support for learners with learning difficulties/disabilities**

Learners with learning difficulties/disabilities are individually assessed for transport needs and appropriate arrangements are made to ensure that their specific needs, as detailed within their EHCP, are met. Transport support for learners with learning difficulties/disabilities with an EHCP is available under the policy until they reach 25 years if necessary, in order to complete an appropriate programme of learning.

Learners with learning difficulties/disabilities who began their programme of learning before their 19<sup>th</sup> birthday (a date of 1st September is used to determine the notional start date of a course) will be asked to pay the contribution as described in section 3.1.

Learners with learning difficulties/disabilities, who began a new programme of learning after their 19<sup>th</sup> birthday and the Council have determined that it is necessary to support their transport arrangements, will not be asked to make a contribution towards the transport provision.

Transport is provided to the main school or college sites only in most cases and transport is not normally provided to satellite sites as an entitlement. The Council will only support transport to a satellite site if this site is closer than the main campus, where an entitlement has been determined, and the satellite site is over three miles from the home address. Many schools and colleges provide onward transport support to satellite sites. Young people are therefore encouraged to discuss these arrangements with their establishment.

## **6. Apprenticeships and internships**

The County Council's post 16 transport support policy does not apply to apprenticeships or internships. For information on support in respect of

apprenticeships, contact your apprenticeship provider or the website: [www.apprenticeships.org.uk](http://www.apprenticeships.org.uk)

## **7. Independent Travel Training/Mobility training**

Mobility and independence with travel training is available to eligible students who have difficulty with transport. Applications for help should be made either to the County Council by ringing 01522 782020 or by speaking to the Student Services Officer or Head of Sixth Form at the school or college. The aim of the training and support is to help bring about the confidence and develop skills needed to travel independently.

## **8. Help with travel support outside the Local Authority Area (LAA)**

Transport support is offered on the basis of the policy criteria stated above to a school college or other further education institution that is outside the LA boundary if it is the nearest or designated school or college to the student's home address.

Lincolnshire based learners living in areas bordering other local authority areas are thus able to travel to centres beyond the Lincolnshire border if it is the nearest appropriate school or college to access a course, and the travelling time is reasonable (up to 75 minutes per journey). The DTAs for colleges are shown on a map at Appendix G of the Policy Document.

## **9. Appealing against a refusal to offer transport support**

If transport support is refused (which should be given as a decision in writing, with a reason), an applicant is entitled to appeal the decision by asking for a review if the applicant feels that the Council has not applied the law or its policy correctly, or there are exceptional circumstances Officers need to be aware of when making their decision. A refusal to offer transport support will be based on the fact that one or more of the policy criteria has not been met. Details of how to appeal are given in the letter notifying the decision.

## **10. Further review and engagement regarding the policy**

The Post 16 Transport Policy is reviewed annually. We will seek to obtain views from parents, carers, students, education providers, transport providers and any other interested parties regarding the 2021/22 policy in February and March 2021. Following this the 2021/22 policy, inclusive of any revisions, will be published in May 2021.

## 11. Contact us

You can contact us in a number of ways, detailed below.
