

Healthy Relationships-Briefing Note

Introduction

The campaign will run from Monday 8th June 2020 until Sunday 14th June 2020.

Campaign

This campaign has been informed by the voices of children and young, parents and carers in Lincolnshire who the LSCP engaged with between October 2019 and January 2020. The contributions of the voices of the children and young people have been combined with key messages from a range of best placed professionals.

This campaign seeks to consider positive healthy relationships in the broadest contexts and situations where they occur, rather than the emphasis being placed upon sexual relationships. This campaign aims to provide links to practical sources of support to children, young people, parents, carers and professionals.

Campaign Objectives

- To raise the awareness of key messages relating to Healthy Relationships;
- To promote the benefits of healthy relationships;
- To raise awareness of the resources available to support children, young people and families;
- To raise awareness of the resources available to support professionals working with children/young people;
- To provide reassurance that support is still available during the Covid19 Pandemic.

LSCP partner's toolkit /campaign pack

- Briefing Note
