Thinking about your local area, which of the things below would you say are most important in making your area a good place to live, and which do you think most need improving? (Digital connectivity)

How often, if ever, do you make choices that help protect the environment?

(Please tell us how)

Recycling, using my bike instead of car and/or bus, careful with water consumption

Recycle/ don't litter/ use rainwater for Garden

The three R's, reduce, reuse and recycle

Recycling, don't have a car, house is fully insulated.

Recycling, Upcycling, Cutting out car engine in stationary traffic, Planting trees and shrubs, Being frugal with water, gas and electricity.

Recycling

Recycling at home and work

Recycling

Recycle everything and where possible walk or cycle instead of using car

Recycling, using public transport, cycling instead of using a car, picking up rubbish from the streets/commons, planting trees.

Snan snansurvevs cor

(Please tell us how)

I recycle religiously, I don't buy anything with palm oil in, I use a thermos cup for coffee, I would NEVER litter, I use natural cleaning solutions/products, my garden is planted to encourage bees and butterflies.

Recycling, car sharing, public transport, looking where food comes from

Transport

Litter picking

we actively recycle and cycle to work instead of driving.

Solar Heating control Recycling

Recycling, water, transport choice, walking

Buy British products .recycle. use solar energy. Don't fly. Holiday in UK

Reducing (where possible) plastic and taking it to where it can be recycled

Recycling....use public transport and walking

Try to buy things with less packaging, cycle instead of driving

Use all available recycling facilities

Recycling, requesting limited plastic where possible eg bags

Reducing plastic usage. Not using a car

Recycling, litter picking, walking to the shops

Only use car when necessary, recycling and disposal of waste products, walk to shops on a regular basis.

Recycling. Gardening. Walking as opposed to driving.

Using public transport. Walking to shops. Choosing products with no, or very little plastic packaging, even if it's more expensive. Picking up rubbish while I'm walking. Recycling as much as possible. Not buying cheap, unnecessary rubbish.

Recycling, walking/use of public transport, home insulation, home composting, and 'green' bin use

Buying food with less packaging, getting the bus or walking rather than driving (when possible), recycling as much as possible, signing pro-environmental petitions, buying local produce over imported

I RECENTLY PLANTED SOME TREES

Picking up litter, recycling, limit energy use.

Re-cycling, reduce car usage, cutting down food waste

Recycling, water saving, waste composting

responsible waste disposal. responsible purchasing

Being responsible for the environment

Try and reduce waste even of recyclable items

Car sharing, recycling

Always recycle, buy local produce, grow own produce, minimise emissions

recycle waste, no bonfires, no log burner,

recycling, gardening, no car

Litter picker, committed to recycling and only use my car for longer journeys

Recycle my waste

Trying to reduce waste, helping butterflies, bees hedgehogs etc in my garden

recycling, house heating

Pick up litter. Plant bushes & trees in the garden.

Recycling, energy choices, reducing waste, walking/cycling

Shopping, sustainably and reducing waste

Recycling, careful use of resources

(Please tell us how)

we generally think about our area and try to improve. like picking up our dogs poo, not dropping litter, recycling etc

I grow trees

I recycle as much as possible but free glass n green waste collections would be great

I eschew consumerism in all it's forms, for example I keep all my tech and clothes repaired instead of throwing them out when broken.

Recycle, reduce waste

Use less plastic, waste nothing, recycle, re-use, carbon footprint aware

Feed wild birds. use solar panels, planted trees

looking after wildlife always, being sensible with energy and all amenities in general

Recycling and using space for gardening not parking.

Recycling collecting discarded rubbish

Social awareness, neighborhood cleanliness, car sharing. general conservation, composting and recycling.

Not using plastic/ recycling/ picking up litter

Sorting rubbish, air pollution, keeping my garden nice and tidy, feeding the birds

Recycling, being vegan, limited use of resources

Recycling, limiting waste, planting & looking sfter trees, picking up litter.

X

Recycling, using green energyu

Recycling, not littering, taking care of our house and garden

Garden and Household waste, Car use, Local environment, financial support

I carry out voluntary woodland management at least 1 day per week, grow my own fruit and veg to reduce carbon footprint and packaging waste, make own compost for garden and occasionally teach childrens and adults woodland skills and about wildlife

Recycling, shopping locally, trying to use public transport, reducing waste

I walk or cycle to work and when going into town.

planted hundreds of trees and hedges (3 acres); never drop litter; always drive slowly (55mh); always blue bag; increased garden flowers.

Recycling avoid using plastic and chemicals

recycle where possible

Recycle. Support Wildlife conservation. Ensure garden encourages wildlife

Walking / products I buy / use of energy

recycling

Recycling, avoiding littering.

Conscious of energy consumption. Also when opportune, I remove obtacles or impediments on footpaths.

I always try to consider if I can get things locally and make sure that I recycle/reuse wherever possible

Walk and use public transport where I can, recycle, shop local, campaign on climate change

Local meetings etc.

Walk when can, recycling that sort of thing

recycling and not littering

Energy economy - sustainable travel - purchase choices

Recycling as much as possible, minimise waste. Think twice about using car whenever possible.

Using bus more, car less. Using reusable coffee cups when out.

Recycling as much as possible

Litter picking, recycling, choosing products sustain ably sourced

Snan snansurveys co

(Please tell us how)

recycling, using less plastic, regulating use of heating, using green bin

Plant trees, walk rather than drive

Recycycling, reducing waste

recycling, cutting back on plastic, feeding wildlife, collecting & using water, re-using, repairing & not replacing

re-cycling, walking, using public transport

Refuse plastic, shop local to reduce food miles

Recycle solar panels biomass boiler planted trees feed wildlife etc

Energy suppliers, how I look after my home and garden, lifestyle choices

Recycling, environmentally.

being dismissed gets to polictical Nothing, I make my own decisions

More bins, streets cleaned

Recycling crisp packets and house rubbish, litter picking, community compost bin, vegetable garden, plastic free shopping, reducing flying, educating children about eco friendly lifestyle, reducing meat eating, not buying coffe in single use cups. Sh

When gardening use organic products. Recycling. Mindful of litter when visiting beauty spots.

(Please tell us what would encourage you to do more)

Financial incentive

NOTHING AT ALL

. cheaper and easier alternatives, or no alternative but an environmentally friendly one.

Nothing really, I just do whats easiest and cheapest for me

Faster digital

refuge collection

dont know

more signage about littering and dog owners responsibility for animal fouling.

More community spirit

Better biking lanes as it is too dangerous to bike anywhere unless you live close to the cycle track

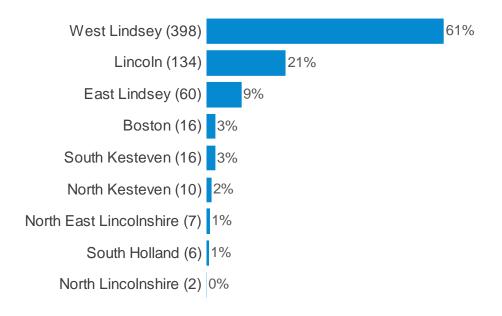

My own attitude

Would you be in favour of a large tree planting programme to run in Greater Lincolnshire over the next 3-5 years?
