

North Kesteven District Council - Review of Polling Districts and Polling Places 2023

The proposed changes to polling districts and polling places across North Kesteven are listed in the spreadsheet below.

Current Parliamentary Constituencies in North Kesteven:

- Lincoln
- Sleaford and North Hykeham

Future Parliamentary Constituencies (from next General Election) in North Kesteven:

- Grantham and Bourne
- Lincoln
- Sleaford and North Hykeham

Introduction to the review

North Kesteven District Council is responsible for reviewing polling districts and places for the Parliamentary constituencies within its boundary. These boundaries and polling places are also used for local elections. A compulsory review must be undertaken every five years and the next review is required to be completed between October 2023 and January 2025. The Boundary Commission for England has published the final recommendation for the future Parliamentary constituencies and these new revised constituencies will come into force at the next General election. The next General election must take place by January 2025, and it is therefore necessary to undertake the compulsory review now to ensure the most suitable polling places are designated.

This review will consider the polling district boundaries and designated polling places across the North Kesteven area. This review will not consider changes to the district boundary, Parliamentary constituency boundaries or ward boundaries for district or towns / parishes.

The consultation period for the review will take place from 8 November 2023 to 5pm on 12 December 2023. Comments on both the current and proposed polling places are welcome as part of this review. Information on how you can share your comments with us is given on the Council's website at www.n-kesteven.gov.uk/pollingreview

Terms used in the review

- A polling district is the geographical area created by sub-dividing a constituency or ward.
- A polling place is the building or area in which a polling station is located.
- A polling station is the actual room or area where voting takes place.

Proposed changes for polling districts and polling places

It is proposed the polling district codes of all polling districts will be changed to include an additional letter which will distinguish the three future parliamentary constituency boundaries in North Kesteven and assist electoral administrative processes.

- A 'G' will be added to the polling district codes in the Grantham and Bourne constituency.
- A 'L' will be added to polling district codes in the Lincoln constituency.
- A 'S' will be added to the polling district codes in the Sleaford and North Hykeham constituency.

Any other proposed changes to a specific polling place or polling district are detailed in the spreadsheet below. For the majority of polling districts, the current polling places are considered to be the most appropriate locations.

We welcome comments on the current and proposed polling places as part of this review. Where possible please provide details of alternative venues if the current place is considered unsuitable.

The polling districts covering Washingborough would be reduced from three to two. HWS3b and HWS3cS have 935 and 978 electors respectively which will be merged and the 1,913 electors accommodated within the expanded HWS3bS polling district. The polling district HWS3cS will be deleted. All electors will continue to use the polling venue at the Washingborough Community Centre as a dual polling station. All electors will be moved under HWS3bS except for approximately five properties (10 electors) who will be located under polling district HWS3aS for administrative purposes. The five properties are Heath Farm on Sheepwash Lane and Rose Cottage, Stone Pit Cottage, Stone Pit House and Riplyn located on Canwick Road.
